Experience.

Talent.

Partnership.

That's what Inservco Insurance Services, Inc., offers self-insured organizations, self-insured pools, risk retention groups and traditional insurance companies. Our experienced medical professional liability examiners serve as the point-of-service contact and assist you with your professional and general liability matters.

As a full-service third-party administrator, we provide timely and thorough investigations of medical/legal issues, comprehensive claims management and litigation management services.

We promise our customers that we will:

- Promptly evaluate standard of care, consent to treat and causation issues;
- Thoroughly analyze damages and apportionment of liability; and
- Objectively identify potential resolutions.

We also assist our customers with developing new programs designed to limit their losses.

Our claim and risk management philosophies coincide with your organizational mission.

Claim Management Philosophy

- Aggressive claim resolution
- Objective medical/legal analysis of allegations
- Comprehensive apportionment of liability & assessment of damages
- Settlement of meritorious claims & defense of non-meritorious claims

Risk Management Philosophy

- Manage medical events aggressively & efficiently
- Reduce losses
- Eliminate medical errors

Our claim and risk programs concentrate on improving patient care, reducing costs and eliminating errors.
